

# SATYAM COLLEGE OF EDUCATION

(Affiliated to S.N.D.T. Women's University)  
Green Policy

Date: 12/10/2020

A Green, clean and healthy environment aids effective learning and provides a conducive learning surrounding. Educational Institutes are becoming more sensitive to environmental factors and more efforts are being made to make them eco-friendly.

The Institute is committed to the safe and sound environmental performance of the institute & gives paramount importance to the sustainability right from inception of it. The Institute has adopted cohesive planning to enable resource efficient, inclusive and sustainable approaches to enhance environmental management for improved livability, health and climate.

The policy emphasis on practices and methodologies pertaining to areas of significant environment concerns e.g. land, energy, waste, water, air etc.

## Energy:

- Passive building design strategies of the building.
- Use of energy efficient fixtures in the campus,
- Renewable energy generation- harnessing the sun.
- Campaign / workshop encouraging responsible energy use.

## Land:

- Developing Green gardening strategies like mulching & drip irrigation.
- Land utilization through agro forestry and kitchen gardening.
- Increasing tree density and land permeability in the campus.
- Cultivation using drought tolerant plant.

## Air :

- Green mobility and infrastructure provisioning with vehicle free campus, promotion of use of public transport, Use of E Vehicle by Staff, Student and faculty members.
- Indoor plantation in the building for clean indoor environment.

**Water:**

- Initiative to encourage responsible water management via rainwater harvesting.
- Use of water efficient fixtures in campus to reduce sludge generation.

**Waste:**

- Waste segregation at source in the campus.
- Following Inorganic waste management & organic waste management practices.
