Q.4 Read the following passage carefully and answers the question.

(10)

English holds a place of status in our country, even after more than six decades.

A student must know English because it is the international means of exchange of information and experience. The students have to learn foreign language because students of any subject, any discipline must learn a foreign language teaching.

Most of the problems arise due to the interference of mother tongue in speaking English. Both the teachers and the students are very fluent in talking their own mother tongue. However, they forget the essence of pure English language. When they speak in English, they often use native words in the midst of the sentences. They forget that every language differs in stress, intonation and pronunciation.

Questions:

1. Do you think that English Language could be mastered by practicing all the four skills viz. Listening, Speaking, Reading, Writing? Explain.
2. How stress, intonation and rhythm are responsible for correct and fluent speaking?
